Description Of Change

Delete scheduled performance of Radiation Suite OBT 1, Radiation Suite OBT 2, and Radiation Suite OBT 3 for all Increment 2 crewmembers. Radiation Suite OBT 1 is scheduled immediately prior to Bonner Ball S/U-Act early in 5A.1 stage. Radiation Suite OBT 2 is scheduled anytime prior to DOSMAP and Torso S/U Pt 2 early in 6A stage. Radiation Suite OBT 3 is scheduled anytime prior to Bonner Ball Relocation or DOSMAP and Torso Deact/Stow during the 7A stage. While these activities apply to three different MOPs, they go together as one change and should be processed together.

Reason For Change

Change the three HRF Radiation Suite OBTs from proficiency to refresher. HRF believes that the ground training that the crew received was adequate. The crew should be reminded that a lesson is available to them as a refresher. With the lesson performed on the SSC, Radiation Suite OBT 1 saves 45 minutes for one crewmember; Radiation Suite OBT 2 saves 45 minutes for one crewmember; Radiation Suite OBT 3 saves 30 minutes for one crewmember.
